

## EXPERIENCE

### **UX Design Intern** • Advanced Micro Devices (AMD)

Sep - Dec 2019, Markham ON

Designed a high fidelity prototype for Radeon Software (Adrenaline 2020 Edition), AMD's core graphics card and APU device driver & utility software package

Conducted usability testing of Radeon Software (Adrenaline 2020 Edition) prototype, ensuring intuitive information architecture and navigation

### **Product Design Intern** • TD Lab (TD Bank)

Sep - Dec 2018, Kitchener ON

Led the design and product strategy of a mobile app that teaches newcomers about cultural differences between their home country and Canada

Conducted user and usability (A/B) testing interviews with 8 end-users to inform design decisions

### **UI/UX Design Intern** • Royal Bank of Canada (RBC)

Jan - Apr 2018, Toronto ON

Redesigned and launched an internal wire transfer app, validated through usability testing of minimum viable product with 14 end-users

Synthesized data from usability testing interviews to produce actionable insights and recommendations, resulted in a 35% increase in task efficiency

## COMMUNITY
